**Subject:** Kenney case

Saw an old article by you from 2008 by you on the John Kenney/Mel and Elizabeth Grimes case.

I must say you are absolutely wrong about this case and that a 911 call proves Kenney right.

Killer Kenney you call him, would you have called Mel Killer Mel if he had killed him with the SLEDGEHAMMER 🛠️?

Mellow Mel and Elizabitch were killed because they almost killer their neighbor. Elizabeth hit him from behind, when she is pushed away her husband rams him with the sledgehammer. Shots ring out. She came at him with clenched 👊 fist hence why she too is shot.

Will you please update your website on this? Kenney was wrongfully convicted and is innocent as well as the victim in this case.

Full stop.
